Dummy text line 35 on page 49 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 36 on page 49 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 37 on page 49 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 38 on page 49 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 39 on page 49 to simulate dense academic text and test the PyMuPDF proce

This is page 50 of 50 for stress testing.

Dummy text line 0 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 1 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 2 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 3 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 4 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 5 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 6 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 7 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 8 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 9 on page 50 to simulate dense academic text and test the PyMuPDF proces
Dummy text line 10 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 11 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 12 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 13 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 14 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 15 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 16 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 17 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 18 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 19 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 20 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 21 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 22 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 23 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 24 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 25 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 26 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 27 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 28 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 29 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 30 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 31 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 32 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 33 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 34 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 35 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 36 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 37 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 38 on page 50 to simulate dense academic text and test the PyMuPDF proce
Dummy text line 39 on page 50 to simulate dense academic text and test the PyMuPDF proce
